

Salimpour™ Certification: Suhaila & Jamila Level 1

Get Certified in one of the strongest BellyDance formats in the world!

Salimpour™ Sampler

Get an awesome overview of both the Suhaila and Jamila formats; technique, timing, posture, style, dance movement, step families, historical origins, etc...

Suhaila Format Level 1

Level 1 starts with the basics of Suhaila's format. Learn the skills necessary to develop the physical strength and mind-body connection to continue through the certification program. This level represents Suhaila's extensive formal training in the structured disciplines of Contemporary and Middle Eastern dance. Due to the unique nature of Suhaila's format, all new students in the Certification program, whether they are beginning or advanced dancers, begin with L1.

Jamila Format Level 1

Jamila Salimpour, Suhaila's mother, was the first belly dance teacher to create a specific format of movements with individual names for each step and Step Families. The original Belly Dance Style! The steps she created are now the majority of belly dance movements taught today. Jamila's format was the inspiration and foundation of what later became known as American Tribal Style.

Suhaila Format Level 2

In L2, students continue developing muscle and body awareness while increasing the precision, efficiency and fluidity of their movements. Layering concepts are introduced in the warm-up. Dancers begin integrating belly dance movements with dance movement and cymbals. Additional music theory, history and cultural elements are included. Choreography is introduced both as a training and testing tool. Build your strength and stamina

Jamila Format Level 2

In Jamila Level 2, Dancers continue their study of the step families, movements, dance history, stylization, and cymbal patterns. Learning is promoted through technique, stylization, choreography, reading, and lecture. Learning tools, workshop information, testing details, and a list of the covered steps, cymbals, etc. are provided in this section.

Beginner Belly Basics
